# ***ESJ Manuscript Evaluation Form 2020***

This form is designed to summarize the manuscript peer review that you have completed and to ensure that you have considered all appropriate criteria in your review. Your review should provide a clear statement, to the authors and editors, of the modifications necessary before the paper can be published or the specific reasons for rejection.

Please respond within the appointed time so that we can give the authors timely responses and feedback.

NOTE: ESJ promotes peer review procedure based on scientific validity and technical quality of the paper (not perceived the impact). You are also not required to do proofreading of the paper. It could be recommended as part of the revision.  
***ESJ editorial office would like to express its special gratitude for your time and efforts. Our editorial team is a substantial reason that stands ESJ out from the crowd!***

Also there are issues that will be the aim of another research that the author plans to conduct in the future.</i>	
<b>7. The references are comprehensive and appropriate.</b>	<b>5</b>
<i>(Please insert your comments)</i>	

**Overall Recommendation** (mark an X with your recommendation) :

Accepted, no revision needed	<b>X</b>
Accepted, minor revision needed	
Return for major revision and resubmission	
Reject	

**Comments and Suggestions to the Author(s):**

The paper is methodologically correct, it analyzes in detail the current topic. It raises open questions, problems, shortcomings and gaps. The topic is very interesting and very current in this day of age. Also it would be very interesting to see the overview in other municipalities. In the conclusion, based on the findings of the study, the researcher gives recommendations which is meritorious. Also there are issues that will be the aim of another research that the author plans to conduct in the future.
