

EUROPEAN SCIENTIFIC JOURNAL (ESJ), SPECIAL EDITION PROPOSAL

Title: Scientific Research, Innovations and Engineering for Social Development and Environmental Protection

Overview of Special Edition:

The approaches to engineering research in many ways and the resulting knowledge about the characteristics of the material world are separate from those of fundamental scientific research. Nevertheless, there are significant discrepancies between the two applications. However, in both cases, the main objective is to innovate with a view to contribute to the well-being of human beings and the protection of the environment. This Special Edition is created as part of the Central African Sustainable Cities Initiative (CASCI) initiated by the African Scientific Association for Innovative and Entrepreneurship (ASAIE) with partners including University of Dschang (UDs), *Laboratoire Energétique Carnot (LEC)*, Promotion Centre of Research for Technological Advancement and Sustainable Development (PCR-TASD) and PROSOFOR AFRIQUE aiming to fight against poverty and rural exodus and stimulate the economy in Central Africa Region. The edition is devoted to exploring the use of scientific research and engineering to address important issues in social development and environmental protection.

Guest Editors:

Doctor MWEBI EKENGOUE Clotaire, PhD

Faculty of Engineering and Technology, Department of Civil Engineering and Architecture,
University of Buea, Buea, South-West Cameroon;

African Scientific Association for Innovative and Entrepreneurship (ASAIE), Dschang, West-Cameroon

Email: clautaire.mwebiekengoue@yahoo.fr

Professor KAGOU DONGMO Armand, Ph.D

Faculty of Sciences, Department of Earth Sciences, University of Dschang, Dschang, West-Cameroon

Email: armand.kagou@univ-dschang.org

Doctor FEUMOE Alain Narcisse, Ph.D

Faculty of Engineering and Technology, Department of Civil Engineering and Architecture, University of Buea, Buea, South-West Cameroon;

Bureau de Recherche d'Etudes et de Contrôle Geotechniques (BRECG), Yaounde, Cameroon

Email : alainfeumoe@yahoo.fr

Papers in the following academic disciplines are acceptable:

Mathematics, Physics, Chemistry, Mining and Petroleum, Geophysics, Earth sciences, Geology, Computer sciences, Environmental Sciences, Agriculture, Energy, Renewable energy, Material science.

Types of Manuscripts Accepted for review:

Original research

Literature reviews

Peer Review Procedure:

Single blind

Timeframe:

Submission Deadline: December 31th, 2023

First decision Peer Review: March 30th, 2024

Revisions Due: May 4th, 2024

Final Decision Due: May 24th, 2024

Publication Date: June 4th, 2024

Publication Fee:

The publication fee is 97 EUR per accepted paper. Hard copy of the edition is not included in the price.

Appel à contributions

Titre: Recherche Scientifique, Innovations et Ingénierie pour le Développement Social et la Protection de l'Environnement

Les articles dans les disciplines suivantes sont acceptables :

Mathématiques, Physique, Chimie, Mines et Pétrole, Géophysique, Sciences de la Terre, Géologie, Informatique, Sciences de l'environnement, Agriculture, Énergie, Énergies renouvelables, Science des matériaux.

Types de manuscrits acceptés pour examen :

Recherche originale

Revue de littérature

Editeurs invités

Docteur MWEBI EKENGOUE Clotaire, Ph.D

Faculté d'Ingénierie et des Technologies, Département de Génie Civil et d'Architecture, Université de Buea, Buea, Sud-Ouest, Cameroun;

Association Scientifique Africaine pour l'Innovation et l'Entrepreneuriat (ASAIE), Dschang, Ouest-Cameroun ;

Courriel : clotaire.mwebiekengoue@yahoo.fr

Professeur KAGOU DONGMO Armand, Ph.D

Faculté des Sciences, Département des Sciences de la Terre, Université de Dschang, Dschang, Ouest-Cameroun ;

Association Scientifique Africaine pour l'Innovation et l'Entrepreneuriat (ASAIE), Dschang, Ouest-Cameroun ;

Courriel : armand.kagou@univ-dschang.org

Doctor FEUMOE Alain Narcisse, PhD

Faculté d'Ingénierie et des Technologies, Département de Génie Civil et d'Architecture, Université de Buea, Buea, Sud-Ouest, Cameroun;

Bureau de Recherche d'Etudes et de Contrôle Géotechniques (BRECG), Yaoundé, Cameroun

Courriel : alainfeumoe@yahoo.fr

Dates importantes :

Date limite de soumission : 31 Décembre 2023

Première notification après examination des éditeurs: 30 Mars 2024

Date d'échéance des révisions : 4 Mai 2024

Date d'échéance de la décision finale : 24 Mai 2024

Date de publication: 4 Juin 2024

Frais de publication:

Les frais de publication sont de 97 EUR par manuscrit accepté. La version papier de l'édition no est incluse dans le prix.
