**Comments and Suggestions to the Author(s):**

Chers collègues et Apprenants (s'il y en a comme co-auteurs), je vous souhaite de bien vouloir considérer et prendre en compte mes remarques, observations et réorganisations et aussi de réaliser ce qui est demandé. L'objectif est d'améliorer le manuscrit dans sa forme et son fond ainsi que la qualité qui est déjà appréciable. C'est une étude intéressante.

Certains points de Résultats n'ont pas été discutés.

**Comments and Suggestions to the Editors Only:**

Cher Editeur, merci pour la considération en me soumettant la révision du manuscrit proposé à publication dans ESJ. C'est une investigation intéressante en vue de prévenir un problème de santé publique lié à la dispersion à grande échelle des punaises de lit. Nous connaissons les espèces et l'ampleur de leur présence dans les gares routières d'Abidjan. Ces résultats doivent être publiés. Mais avant, veuillez à ce que les auteurs révisent le manuscrit en prenant en compte réellement mes apports.
