**Comments and Suggestions to the Author(s):**

La problématique, le contexte et les objectifs de l'étude sont bien présentés. Les résultats correspondent aux objectifs fixes. On pourrait améliorer la visibilité des résultats en regroupant les différents éléments de la figure 6 en un seul graphique en histogramme qui, à mon avis, met mieux en relief des résultats des différentes classes et leur évolution dans le temps.

Il existe encore quelques fautes d'orthographe à corriger. Les corrections sont présentées en rouge.
