**Comments and Suggestions to the Author(s):**

**Very interesting article. Having on mind the sensitivity of the topic I suggest adding more references from independent international observer organizations in order to support your claims.**

**Any claims should be supported by literature or relevant reports.**

**For ex. On page. 4, the authors simply claims:** More often than, electoral violence are not spontaneous acts of violence, they are premeditated acts of violence deployed by political parties (incumbent and opposition) if it increases their chances at the polls.
