ESJ Manuscript Evaluation Form 2020

This form is designed to summarize the manuscript peer review that you have completed and to ensure that you have considered all appropriate criteria in your review. Your review should provide a clear statement, to the authors and editors, of the modifications necessary before the paper can be published or the specific reasons for rejection.

Please respond within the appointed time so that we can give the authors timely responses and feedback.

NOTE: ESJ promotes peer review procedure based on scientific validity and technical quality of the paper (not perceived the impact). You are also not required to do proofreading of the paper. It could be recommended as part of the revision.

ESJ editorial office would like to express its special gratitude for your time and efforts. Our editorial team is a substantial reason that stands ESJ out from the crowd!

5. The results are clear and do not contain errors.	4
<i>(Please insert your comments)</i>	
6. The conclusions or summary are accurate and supported by the content.	1.25
<i>(Please insert your comments)</i> Reprendre le résumé et la conclusion	
7. The references are comprehensive and appropriate.	1
<i>(Please insert your comments)</i> Tous les référencements doivent être repris, y compris les références bibliographiques.	

Overall Recommendation (mark an X with your recommendation) :

Accepted, no revision needed	
Accepted, minor revision needed	
Return for major revision and resubmission	X
Reject	

Comments and Suggestions to the Author(s):

Cet article doit être retravaillé en profondeur.

Respectez les mises en forme et justifiez le texte. Vous mélangez souvent les polices et les tailles. Vous devez utiliser le fichier ESJtemplate recommandé par la revue pour soumettre votre article. Cliquez sur

<https://eujournal.org/files/journals/1/documents/ESJtemplate2017.doc> pour le télécharger. Vous devez également uniformiser les temps utilisés dans la présentation des résultats.

La méthodologie d'analyse utilisée n'est pas pertinente et celle-ci affecte l'apport de l'étude.
