# **ESJ Manuscript Evaluation Form 2021**

This form is designed to summarize the manuscript peer review that you have completed and to ensure that you have considered all appropriate criteria in your review. Your review should provide a clear statement, to the authors and editors, of the modifications necessary before the paper can be published or the specific reasons for rejection.

Please respond within the appointed time so that we can give the authors timely responses and feedback.

NOTE: ESJ promotes peer review procedure based on scientific validity and technical quality of the paper (not perceived the impact). You are also not required to do proofreading of the paper. It could be recommended as part of the revision.

***ESJ editorial office would like to express its special gratitude for your time and efforts. Our editorial team is a substantial reason that stands ESJ out from the crowd!***

Reviewer Name: Simplice Yao KOFFI	
University/Country: Côte d'Ivoire	
Date Manuscript Received: 16 novembre 2021	Date Review Report Submitted: 22 novembre 2021
Manuscript Title: Productivité et rôles socio-économiques des cultures maraîchères sur les sites maraîchers des communes de Tibiri gobir et de Madarounfa	
ESJ Manuscript Number: 1174/21	
You agree your name is revealed to the author of the paper: Yes	
You approve, your name as a reviewer of this paper, is available in the “review history” of the paper: Yes	
You approve, this review report is available in the “review history” of the paper: Yes	

## **Evaluation Criteria:**

**Please give each evaluation item a numeric rating on a 5-point scale, along with a thorough explanation for each point rating.**

<i>Questions</i>	<i>Rating Result</i> [Poor] 1-5 [Excellent]
<b>1. The title is clear and it is adequate to the content of the article.</b>	3
<i>(Le titre de l'article est clair. Mais, il est essential dy ajouter la localization géographique des communes de Tibiri gobir et de Madarounfa et le pays )</i>	

<b>2. The abstract clearly presents objects, methods and results.</b>	<b>3</b>
<i>(L'approche méthodologique est floue dans le résumé. Il faut essayer de synthétiser les résultats)</i>	
<b>3. There are few grammatical errors and spelling mistakes in this article.</b>	<b>4</b>
<i>(Le document, dans l'ensemble, comporte peu de fautes grammaticales)</i>	
<b>4. The study methods are explained clearly.</b>	<b>3</b>
<i>(Les méthodes de recherche ne sont pas claires. En outre, rien n'a été dit sur la méthode de détermination des rendements des différentes cultures alors que cet aspect a été discuté dans l'article )</i>	
<b>5. The results are clear and do not contain errors.</b>	<b>2</b>
<i>(Il y a dix (10) niveaux pour l'analyse des résultats quand l'on considère les sous-titres. Nous estimons que cela est énorme. Par conséquent, nous demandons que les résultats soient regroupés en trois (3) niveaux maximum. Cela permettra aux auteurs de mieux cerner les résultats de leur étude )</i>	
<b>6. The conclusions or summary are accurate and supported by the content.</b>	<b>1</b>
<i>(La conclusion n'est pas acceptable pour une telle étude. Elle doit être reprise totalement)</i>	
<b>7. The references are comprehensive and appropriate.</b>	<b>4</b>
<i>(Bon dans l'ensemble)</i>	

**Overall Recommendation** (mark an X with your recommendation) :

### **Comments and Suggestions to the Author(s):**

Les auteurs abordent un sujet intéressant qui entre dans le cadre du développement des cultures maraîchères dans la ville et autour des villes africaines. Il s'agit donc d'un pan de l'agriculture urbaine et péri-urbaine. Même si l'article est bien écrit, son organisation mérite d'être revu. Cela permettra aux auteurs de mieux cerner leur sujet et de faire une bonne conclusion fondée sur des éléments vérifiables et tangibles. Nous pensons que les résultats peuvent être organisés en trois (3) niveaux notamment:

3.1. Caractéristiques socio-démographiques des producteurs et organisations des cultures sur les sites maraîchers

3.2. Classification et usages des produits maraîchers

3.3. Rendements et rentabilité financière des cultures maraîchères

NB: Ce n'est qu'une proposition. Nous pensons que les auteurs peuvent s'inspirer de cette proposition pour bien organiser leur travail.

**Comments and Suggestions to the Editors Only:**

Nous estimons que les auteurs doivent prendre en compte toutes les observations avant que leur article soit publié.
