Comments and Suggestions to the Author(s):

The paper is up to date, the transition between paragraphs can be revisited. It may be

good if instructional design and e-learning results are included in the results. It would be helpful if you could better define the added points in the model (in figure 1). Thanks for your contribution.

Comments and Suggestions to the Author(s):

The abstract wants to be rewritten.

An abstract summarizes the major aspects of the entire paper in a prescribed sequence that includes:

- 1) the overall purpose of the study and the research problem(s) investigated.
- 2) the basic design of the study.
- 3) major findings or trends found as a result of your analysis; and.
- 4) a brief summary of your interpretations and conclusions.
