**Overall Recommendation!!!**

Return for major revision and resubmission

**Comments and Suggestions to the Author(s):**

You will find the comments in the manuscript.  
The study focuses primarily on antifungal activity. This part should therefore be explained very clearly.

**Comments and Suggestions to the Author(s):**

The work is of good quality and topical. The results are very interesting, however, in my opinion, the discussion deserves to be resumed in order to facilitate the understanding of the work that I have read with great interest.
