**The TITLE is clear and it is adequate to the content of the article.**

ASYMMETRIC PASS-THROUGH EFFECT OF OIL PRICE SHOCKS AND EXCHANGE RATES ON INFLATION IN NIGERIA: EVIDENCE FROM A NONLINEAR ARDL MODEL

The topic is clear and brief enough to explain the main issue addressed. it will be very beneficial for further future research

**The ABSTRACT clearly presents objects, methods, and results.**

The abstract is clear but needs a little more addition as the abstract is the main key to showing the whole of what is inside the work. Add a few more lines in your abstract that can clearly show the main objectives and methods. also add more results details in it.

**There are a few grammatical errors and spelling mistakes in this article.**

There are a few grammatical errors in your work. you can remove them and submit

**The study METHODS are explained clearly.**

The study methods is explained clearly.

**The body of the paper is clear and does not contain errors.**

You can add a few more flow charts to your work to make it more clear and more worthy.

**The CONCLUSION or summary is accurate and supported by the content.**

Add briefly the conclusion part.

**The list of REFERENCES is comprehensive and appropriate.**

No Reference part is added to the work. Unable to find out

**Overall Recommendation!!**

Accepted, minor revision needed

**Comments and Suggestions to the Author(s):**

Overall the paper is of good worth and will open new directions for new researchers in this field. But I am unable to find out your reference part. you can submit it again with minor revisions including references for acceptance
