**The TITLE is clear and it is adequate to the content of the article.**

The TITLE is clear and it is adequate to the content of the article.

**The ABSTRACT clearly presents objects, methods, and results.**

In the abstract, the result suggests a link between average wind speed and morbidity.

However, in the conclusion the emphasis is on humidity.

**There are a few grammatical errors and spelling mistakes in this article.**

Yes

**The study METHODS are explained clearly.**

Yes

**The body of the paper is clear and does not contain errors.**

no, It doesn't

**The CONCLUSION or summary is accurate and supported by the content.**

Yes

**The list of REFERENCES is comprehensive and appropriate.**

Compréhensive and actual
