ESJ Manuscript Evaluation Form 2025

This form is designed to summarize the manuscript peer review that you have completed and to ensure that you have considered all appropriate criteria in your review. Your review should provide a clear statement, to the authors and editors, of the modifications necessary before the paper can be published or the specific reasons for rejection.

Please respond within the appointed time so that we can give the authors timely responses and feedback.

NOTE: ESJ promotes peer review procedure based on scientific validity and technical quality of the paper (not perceived the impact). You are also not required to do proofreading of the paper. It could be recommended as part of the revision.

The copyrights of the report are on the publisher and the data can be used for research purposes.

ESJ editorial office would like to express its special gratitude for your time and efforts. Our editorial team is a substantial reason that stands ESJ out from the crowd!

Evaluation Criteria:

Please give each evaluation item a numeric rating on a 5-point scale, along with a thorough explanation for each point rating.

Questions	Rating Result [Poor] 1-5 [Excellent]
1. The title is clear and it is adequate to the content of the article.	4
Tres Claire pour Moi	
2. The abstract presents objects, methods, and results.	4

<i>(Please insert your comments)</i>	
Oui les 3 parties sont dans le resumé	
3. There are a few grammatical errors and spelling mistakes in this article.	3
<i>(Please insert your comments)</i>	
Il faut relire le manuscript pour éliminer les fautes et corriger les phrases mal reformuler	
4. The study methods are explained clearly.	2
<i>(Please insert your comments)</i>	
Beaucoup d'incohérence dans la méthodologie et il manque l'échantillonnage et les auteurs des formules. Il manque la formule de la densité et la structure démographique et mal faite. Il faut voir les commentaires dans le manuscrit.	
5. The results are clear and do not contain errors.	3
<i>(Please insert your comments)</i>	
A restructurer surtout pour la partie structure	
6. The conclusions or summary are accurate and supported by the content.	3
<i>(Please insert your comments)</i>	
Il y a de l'incohérence dans les résultats, donc la conclusion est impactée	
7. The references are comprehensive and appropriate.	2
<i>(Please insert your comments)</i>	
Il y a beaucoup de référence qui ne figurent pas dans le teste et d'autre qui sont dans le teste qui ne figurent pas dans la référence. Voir commentaire dans le manuscrit.
