

ESJ Manuscript Evaluation Form

This form is designed to summarize the manuscript review that you have completed and to ensure that you have considered all appropriate criteria in your review. Your review should provide a clear statement, to the authors and editors, of the modifications necessary before the paper can be published or the specific reasons for rejection.

Please respond within the appointed time so that we can give the authors timely responses and feedback.

NOTE: ESJ promotes review procedure based on scientific validity and technical quality of the paper (not perceived the impact). You are also not required to do proofreading of the paper. It could be recommend as part of the revision.

ESJ editorial office would like to express its special gratitude for your time and efforts. Our editorial team is a substantial reason that stands ESJ out from the crowd!

<i>(a brief explanation for 3-less point rating)</i> References of the paper are relevant, in-text citation is correct.	

Overall Recommendation (mark an X with your recommendation) :

Accepted, no revision needed	X
Accepted, minor revisions needed	
Return for major revision and resubmission	
Reject	

Comments and Suggestions to the Author(s):

The paper is quite long; it uses 20 pages. There are some paragraphs that summarize the survey results without figures and tables (in chapter about International experience concerning company whistleblowing systems). Visual aid could help understanding the cases/tendencies if more space would have been available.

Comments and Suggestions to the Editors Only:

none.
