# ESJ Manuscript Evaluation Form

This form is designed to summarize the manuscript review that you have completed and to ensure that you have considered all appropriate criteria in your review. Your review should provide a clear statement, to the authors and editors, of the modifications necessary before the paper can be published or the specific reasons for rejection.

Please respond within the appointed time so that we can give the authors timely responses and feedback.

NOTE: ESJ promotes review procedure based on scientific validity and technical quality of the paper (not perceived the impact). You are also not required to do proofreading of the paper. It could be recommend as part of the revision.

***ESJ editorial office would like to express its special gratitude for your time and efforts. Our editorial team is a substantial reason that stands ESJ out from the crowd!***

**Overall Recommendation** (mark an X with your recommendation) :

Accepted, no revision needed	
Accepted, minor revisions needed	<b>x</b>
Return for major revision and resubmission	
Reject	

**Comments and Suggestions to the Author(s):**

I think the paper is interesting and quite well written.

I suggest to indicate areas for further research so as to highlight possible alternative research fields to overcome the limitations of the study. I also suggest to extend references.

There are some spelling and formatting errors.

My overall evaluation of the paper is positive; however, I think the paper needs some further revisions.
