Comments and Suggestions to the Author(s):

Revisar el Resumen y abstract, ampliar el procedimiento, y evitar duplicar el texto del MT en el apartado de Discusión. El tema es de gran interés, abre la puerta a futuras investigaciones en México, donde la intervención cognitivo conductual en el ámbito deportivo no ha sido ampliamente estudiada y no se le da la importancia requerida.

Comments and Suggestions to the Editors Only:

El tema es relevante y de gran interés, es poco estudiado en nuestro país (México), motivo que lleva a sugerir, realizar los cambios pertinentes para una futura publicación.
